FIGHT FOR THE OPEN SHOP.

United Typothetae Will Resist De-
mands of Printers.

Niagara Falls, N. Y., Sept. 8.—The United Typothetae of America Thursday unanimously adopted a resolution by which its members pledge themselves singly and collectively to resist any effort on the part of the International Typographical union to bring about an eight-hour day. The resolution adopted maintains the right of each member to keep open shop. Members were urged to refuse to use the union label. Some members of the Typothetae say they will begin the fight with the Typographical union by throwing their shops open immediately. President James Lynch of the International Typographical union has been advised that the United Typothetae will not now nor at any future time consider any proposition for a closed shop.

The following officers were chosen: President, G. H. Ellis, Boston; vice president, William Green, New York; secretary, William McIntyre, New York; treasurer, T. E. Donnelly, Chicago.

CHARGES OF DISHONESTY.

Precipitate a Fight at Letter Carriers' Convention.

Portland, Ore., Sept. 8.—Charges of dishonesty against the officers of the association precipitated a fight in the convention of the National Letter Carriers' association Thursday. Delegate John Hemerwaddle stated that he had resigned from the executive committee for this reason and made charges that papers of an incriminating nature had been stolen from his grip between Vancouver, B. C., and Portland, Ore., while he was en route to this city to attend the convention. President Keller replied that the charges made against Secretary Cantwell of the association were unfounded and disgraceful and his administration had been honest. President Keller stated that because of the charges he would withdraw his name as a candidate for the presidency. The debate was participated in by many delegates.

FLEE FROM THE CITY

TERROR-STRICKEN INHABITANTS
OF BAKU SEEKING SAFETY
IN FLIGHT.

UNABLE TO MAINTAIN ORDER

TROOPS APPEAR INCAPABLE OF
SUPPRESSING RIOTERS IN
THE SUBURBS.

Baku, Caucasus, Sept. 8.—The situation here shows no signs of amelioration. It could hardly be worse. The terror-stricken inhabitants are fleeing from the city, knowing the garrison is inadequate to protect them and although outbreaks have not yet occurred in Baku itself, none can say how close disorder is.

The principal fighting is not in Baku itself, but at Balakhan, where hundreds have been shot by the infantry and artillery and where 1,000 were killed or wounded during a desperate attack on the military camp and provision depots.

The troops sustained few casualties. A large number of workmen barricaded themselves in the Balakhan hospital. The soldiers began the attack with rifle fire and then stormed the hospital and completed their work with the bayonet.

The entire oil and commercial quarters of Shabonskhan, Noland and Balakhan have been wiped out by fire and the inhabitants remaining behind were massacred and thrown into the flames. Bibitenta continues to burn and is threatened with the same fate as Balakhan.

The consulates, banks and administration buildings in Baku are guarded by troops. All of the English residents and almost all other inhabitants of the better classes have boarded ships and gone to sea to escape danger. All available steamers have been obtained for this purpose. Martial law has been proclaimed in the city of Baku. Nobody is allowed on the streets after 8 o'clock at night and inhabitants of houses are held strictly responsible for shots fired from them. Artillery was employed against houses from which shots were fired. The walls were breached and the houses stormed. There is a general panic in the city. The whole army of Hungarian workmen, driven in by the burning oil plants, are flocking on the streets.

Brief Review of Events.

Following is a brief review in sequence of the events of the past six days as witnessed at Baku:

On the afternoon of Saturday last reports began running from mouth to mouth that the Tartars and Armenians were massacring each other. Instantly there was great alarm and a panic ensued. Stores were closed and doors and windows were barricaded. Twenty minutes afterward, firing was heard in the outskirts of the city.

Two hours later patrols of Cossacks and other soldiers armed with rifles began to arrive from the barracks and these troops immediately engaged the rioters.

The fighting between the warring factions occurred all of Saturday night. Firing was in progress all during Sunday, the streets being deserted except for the combatants.

No one desired to leave his house during the day. A carriage surrounded by Cossacks conveyed the city authorities to the house of the governor general.

At 8 o'clock Sunday evening, the first reflection on the sky of fire in the "Black Town" quarter was noticed and it was observed the oil refineries were on fire. Fighting continued Monday morning.

Telegraphic communication between Baku and surrounding points was severed Monday morning. Many are leaving the city in cabs, surrounded by Cossacks. The flight from the city soon became general, everybody who was able to do so leaving. By this time provisions had become scarce and prices were soaring up. On Monday night the burning, shooting, killing and plundering continued, and a refinery which was in flames beyond Bibitenta lit up the sky in that direction. A big woodyard in Baku also caught fire and a strong wind fanned the flames which soon spread to Nikitin circus and adjacent houses.

Fire Continued to Spread.

The fire continued all of Tuesday, breaking out in several new places, embracing the railroad station and a number of Armenian houses in different quarters of the city.

During Wednesday fugitives from Balakhan began to arrive here and told of the indescribable horrors they had witnessed. All the oil works there, they said, were in the hands of Tartars, who were pillaging the houses of Russian and Armenian workmen and burning the buildings. Ten thousand workmen, they said,

would be left in poverty and they believe that Balakhan will be totally destroyed.

At 5 o'clock Wednesday afternoon the situation was somewhat quieter. Tartars and Armenians were running through the streets crying "peace," and a little later a procession made up of both races with clergymen at its head went through the town. But these efforts toward a cessation of the fighting were not effective, for the firing went on all Wednesday night. The soldiers, however, continued their efforts to repress the disorders and by Thursday morning matters were more orderly everywhere.

The streets now are deserted and all public places are closed, hardly anybody venturing out. A pall of heavy black smoke hangs over Baku and its suburbs.

The losses in these six days have not yet been accurately estimated. It is reported that the Tartars are opposed to the establishment of order and that they demand a substantial sum from the officials in lieu of permission to continue their pillaging. It will take nearly a year to repair the damage here.

But for the activity of the soldiers the bloodshed might have been greater. As it is a great many have been killed.

ARTICLES OF PEACE TREATY.

Russia Desires to Put Them Into Effect Without Friction.

St. Petersburg, Sept. 8.—Russia is determined that the work commenced Wednesday in administrative circles toward putting into effect the articles of the peace treaty shall be carried on in a spirit of fairness and equity and with the desire to avoid all possible friction or misunderstanding. This work includes a new treaty of commerce between the two countries, the establishment of a line dividing the Island of Sakhalin, the definition of the Manchurian frontier, the cession of Russian privileges in Manchuria, a working arrangement whereby through trains and freight may pass from the Russian to the Japanese section of the road, the arrangement of freight and passenger rates, the return of prisoners to Russia and vice versa, the payment for maintenance of same by each country, etc.

The resumption of actual diplomatic relations between the two countries will greatly facilitate these works and personal relations can be resumed immediately after the exchange of telegraphic notifications from St. Petersburg and Tokio of the ratification of the treaty.

DINNER TO RUSSIAN ENVOYS.

Colonel George Harvey Entertains Witte and Rosen.

New York, Sept. 8.—Colonel George Harvey entertained at dinner Thursday night at the Metropolitan club the Russian peace envoys, M. Witte and Baron de Rosen, the members of their suites and a company of men distinguished in the different walks of life. The attendants at the dinner numbered more than eighty. M. Witte spoke first, saying he had insisted upon being accorded that privilege that he might have the honor to propose a toast to the "illustrious statesman, Theodore Roosevelt." M. Witte's last words were drowned in cheers. When these quieted he proposed a toast to the American people.

Colonel Harvey followed M. Witte and proposed the health of the Russian emperor, which was drunk standing. Baron de Rosen spoke next, and Elihu Root, secretary of state, spoke briefly. General Horace Porter, Wayne MacVeagh, Rev. Lyman Abbott and President Hadley of Yale were among the speakers.

NEGRO BURNED AT THE STAKE.

Texas Mob Wreaks Vengeance on Colored Criminal.

Fort Worth, Tex., Sept. 8.—A special to the Record from Waxahachie tells of the burning Thursday night of Steve Davis, a young negro who confessed to outraging Mrs. S. P. Norris, aged twenty, last Saturday night.

A mob consisting of 3,500 persons tied the negro to a piece of gas pipe that had been set in the ground, piled fagots around him and set the mass on fire. The sufferings of the negro were of short duration, owing to the fierceness of the fire, which was fanned by a gale of wind.

The husband of the woman is said to have set the match to the tinder and started the blaze that consumed the negro.

Davis was arrested last Tuesday and taken before the woman who identified him and his fate was sealed. The negro finally confessed, detailing the crime.

ONE DEAD AND TWO MISSING.

Fatal Fire in Italian Tenement House in New York.

New York, Sept. 8.—Fire Friday morning broke out in a large five-story Italian tenement house at 303 East Seventy-first street and quickly spread to the next tenement house, which was crowded with Italians.

After the fire was under control the body of William Colletto, eight years of age, was found in the ruins. At least two more tenants are known to be missing.

Fine Neckwear at Half Price

About every so often we like to have a complete clearance and start out new in the various lines of goods, and we will make a sacrifice to do so.

We have 60 pieces of neckwear including collars and cuffs, turn-overs, stocks and various kinds selling at from 12½ to \$1.75 each. All go at half price Saturday.

You'll find neat styles and you will be pleased to have the opportunity of making a selection at these prices.

And now the Girls Embroidery Class

Do you want the girl to learn art needlework? Saturday is the time for her to begin learning. We will interest the young lady in this line Saturday from 9 to 11 o'clock absolutely free of charge and the Misses may come even if they be small. The scrim and cross stitch work will be quite easily learned by the bright little lady. We will instruct in both silk embroidery and scrim and cross stitch.

There will be no charge; all we ask is that she purchase materials of us.

UNDER MARTIAL LAW

IMPERIAL ORDINANCE ESTABLISHES MILITARY RULE IN THE CITY OF TOKIO.

RIOTING IN THE SUBURBS

BUILDINGS BURNED IN A TOWN TWENTY MILES FROM THE JAPANESE CAPITAL.

Tokio, Sept. 8.—An imperial ordinance establishing martial law in Tokio was issued Wednesday. Disorder was resumed Wednesday night.

Tokio was quiet Thursday. General Sakuma, commander of the Tokio garrison, has issued a proclamation warning the populace against disorder.

It is reported that there is rioting at Chiba, a town with a population of 20,000, twenty miles east of Tokio. The prefecture building and the courthouse are reported to have been burned.

The government has suspended the further publication of the Niroku, a newspaper printed in Tokio.

Tokio, Sept. 8.—E. H. Harriman, president of the Southern Pacific railroad, has been threatened and the Marquis Ito, president of the privy council, has been stoned by mobs. Neither of them was injured.

CAUSE OF TROUBLE AT TOKIO.

Arrest of Five Leaders of Public Opinion Started Riots.

London, Sept. 8.—The Tokio correspondent of the Daily Telegraph attributes the disorders in the Japanese capital to the arrest of five leaders of public opinion. He says that representatives from the whole of Japan met Wednesday night and resolved to organize a national movement from Hokkaido to Formosa and to memorialize the throne and government against the ratification of the treaty of Portsmouth. The correspondent says that he anticipates the issue of an imperial manifesto to the people. He describes the rioters as composed mainly of fanatics, hired by agitators. He says the object of the mobs is to deprive the city of light and then to liberate the prisoners in the jails.

EXCHANGE OF COURTESIES.

Only Object in Komura's Interview With Root.

New York, Sept. 8.—Baron Komura said Thursday that his coming interview with Mr. Root, which he said would occur in New York city either Friday or Saturday this week, would be purely a formal exchange of courtesies and their meeting had no other object. The baron denied emphatically the rumor that the emperor of Japan had not yet given his approval to the peace treaty or that the

powers of the Japanese plenipotentiaries were so limited that there was at this late hour still a possibility that the emperor would fail to ratify the treaty.

"The disturbances in Tokio," he said, "cannot in the slightest degree influence the emperor's determination to ratify the treaty when he receives an official copy of it."

Baron Komura reiterated his opinion that the disturbances in Tokio were directed against the local branches of the government.

EXPRESSES CONCERN.

President Roosevelt Learns of Disturbances in Tokio.

Oyster Bay, N. Y., Sept. 8.—Not until late Thursday evening did the president learn of the serious disturbances in Tokio. The information was in the form of a press dispatch. He expressed concern over the situation that had developed over the riots, but had no comments to make on them.

Thus far, it is said, officially, no advices have been received from Minister Griscom at Tokio or from any other official source in Japan regarding the anti-peace demonstrations.

DELEGATES LEAVE THE HALL.

National Postoffice Clerks' Association Split in Two Sections.

Cedar Rapids, Ia., Sept. 8.—The National Postoffice Clerks' association split in two sections when delegates from fifty-five divisions drew off their badges and trampled them under foot as they left the hall. The chief cities to bolt the convention were St. Louis, Detroit, Cincinnati, Dayton, Louisville, Nashville, Cedar Rapids,

Omaha, Tacoma and Utica. It is said that Boston also agreed to withdraw, but failed to keep the promise. The minority introduced a set of resolutions declaring that the election of officers was illegal. After an acrimonious debate these resolutions were tabled and the dissenters left the hall.

Accused of Murder.

Aberdeen, S. D., Sept. 8.—As a result of the testimony given Thursday concerning the box car murder near Hecla, S. D., William W. Barker will be held for trial on the charge of murdering Lee Zook. During the preliminary hearing the prisoner was identified by Zook's companions in the box car, who asserted they were positive that Barker is the man who shot Zook.

BUSINESS SESSIONS OPEN.

Legislative Body of Grand Army Encampment Meets.

Denver, Sept. 8.—The first meeting of the legislative body of the thirty-ninth national encampment of the Grand Army of the Republic began during the day at the Broadway theater. After accepting the roll, which had been prepared and printed in advance, formal presentation of a diamond badge to Commander-in-Chief King, indicative of his past command, was made. At the same time it was announced that the aides to former Commander-in-Chief Wilmon W. Blackmar, who died before the expiration of his term of office, would present a loving cup to the widow of General Blackmar.

S. P. Simmons of Kenosha, Wis., headed the subscription for the Stevenson monument fund with \$2,500.

PRESIDENTS' SPECIAL

President Elliott and Party Pass Through Brainerd Yesterday Afternoon En Route to St. Paul from North
President Elliott's special arrived in the city yesterday afternoon from the north, having come down over the M. & N. line from Bemidji. They arrived in Bemidji from the west having run over the Great Northern line. There were in the party besides President Elliott, General Manager Horn, General Counsel Bunn, E. W. Backus and General Manager Gemmell, of the Minnesota & International.

In speaking of the conditions west General Manager Horn said: "Throughout the northwest things look very prosperous and there is no reason why this should not be a good year for the Northern Pacific, which effects in a general way all the towns and cities along its lines, especially cities like Brainerd where so much work is done." The party left at once for St. Paul.

A VOCABULARY TEST.
Some Words Strange to You That Are In the Dictionary.

The number of obsolete words that are to be found in Webster's Dictionary is considerably larger than people have any idea of. The following letter, written by an alleged poet to an editor who had treated his poetry with derision, furnishes some idea of them:
"Sir—You have behaved like an impetuous scrooge! Like those who, envious of any moral celsitude, carry their unbelief to the height of creating symbolically the fecund words which my polymathic genius uses with unction to abrogate the tongues of the weatless! Sir, you have crassly parodied my own pet words as though they were trigrams. I will not condescend to re-proach—I will induce a veil over the atramentous ingratitude which has chambered even my indiscreet heart. I am silent on the fecundation which my condescendancy must have given you when I offered to become your fanter and admiral. I will not speak of the hippitude, the oblespy, you have shown in exacerbating me, one whose genius you should have approached with mental disalcation. So I tell you, without supervacaneous words, nothing will render ignominious your conduct to me. I warn you that I would velleitate your nose if I thought that any moral dardthrosis thereby could be performed—if I thought I should not impregnate my reputation. Go, tachygraphic scrooge, band with your crass lquinatue fanctus; draw objections from the thought, if you can, of having synchronically lost the exlimination of the greatest poet since Milton."
And yet all these words are to be found in the dictionary.—Chicago Journal.

MUSIC AND DRAMA.

"IN OLD KENTUCKY."
The seat sale for "In Old Kentucky" opens tomorrow morning at 10 o'clock at H. P. Dunn & Co.'s.

In melodrama there are none so good as the old favorites and Jacob Litt's production of "In Old Kentucky," though it has been seen here on one or two former occasions, will undoubtedly attract the same generous support from all classes of theatre-goers when it comes to the Brainerd opera house on next Monday, Sept. 11, as on its previous visit. One does not have to go below the surface to discover the elements which make for the success of the piece. It is bountifully supplied with that homely sentiment which is never-failing in its power to appeal to the emotions; it has an abundance of comedy to lighten the shadows of the plot and it reveals a delightful romance of the Southland. The merry little coterie of pickaninnies, always identified with the play, will be strongly in evidence again. With their buck and wing dancing, their songs, their band music and their baton whirling, to say nothing of the many unrehearsed and extremely amusing antics that they nightly indulge in in the barnyard scene, they form an interesting and novel part of the performance. The play is always satisfactorily cast. "In Old Kentucky" has attained the rare distinction of being the most popular American play since "Uncle Tom's Cabin." Denman Thompson made "The Old Homestead" famous by his own individual work in the leading role. "In Old Kentucky" has won its fame without the aid of any one in particular to give prestige to it—and it is thirteen years old now. Prices \$1, 75 and 50c.

AUDITING COMMITTEE REPORTS

Vacancies in the Schools Filled And Salaries of New Teachers are Fixed

There was a meeting of the board of education last night at the Washington school building with President Mahlum presiding. The following members were present: Messrs. Halladay, Congdon, Nichols, Thompson, Hohman, Johnson, Erickson and Smith.

Under the head of reports the auditing committee consisting of L. Hohman and W. E. Erickson submitted a statement of the condition of the accounts of the secretary and treasurer for the year ending August 31, 1905. The following was the statement, which was unanimously adopted:

RECEIPTS.	
State Appropriation.....	\$ 7 856 25

President Mahlum announced that the first year contract with the American Book company had expired and a motion prevailed that the matter be referred to the text book committee in conjunction with the superintendent.

The teachers and janitors committee announced the engagement of Mrs. C. Brazey to do janitor work at the Mill school at \$10 per month.

This same committee reported that Miss Mary E. Thomas had been transferred from the Washington building to the Harrison building where she will act as principal. Also the transfer of Miss Jennie Hoerner from the Harrison to the Washington building where she will act as principal of the grades. The salary of the former was increased from \$52.50 to \$57.50 and the latter from \$50 to \$52.50. The report was unanimously adopted.

The committee reported also the engagement of the following teachers:

For commercial, H. G. Martin, \$85; for supervisor of music, Mrs. Francis Newman Dial, \$75; history, Miss Alice M. Parker, \$62.50; Fifth grade, Anna E. Hennegan, \$55; Seventh grade, Katherine L. O'Grady, \$55; Second grade, Olive L. Stansberry, \$50; Sixth grade, Margaret McKinstry, \$52.50; Fifth grade, Sadie Brotherton, \$52.50; Fourth grade, Julia Lindbers, \$52.50; First grade, Grace E. Touhey, \$50. The following resignations were reported: E. Elsie McGregor, history, \$62.50; Grace E. Barker, supervisor of music, \$80; Stella I. Koons, Fifth grade, \$52.50; Clara I. Wyman, Seventh grade, \$55; Mary M. McCarthy, Fifth grade, \$55; Katherine O'Shaughnessy, Fourth grade, \$52.50; Anna Kingsford, Second grade, \$52.50; Rose F. Lilling, Third grade, \$50; Lulu Neihardt, First grade, \$62.50; J. A. Kirby, commercial, \$100. The report was adopted as read.

If these figures are gone over it will be noticed that great care has been taken to keep the expense down in securing new teachers to fill the places of those who resigned.

The matter of a truant officer was discussed last night. It is a problem which the board realizes is a hard one and just what is the best method is hard to say, but an effort will be made to overcome the practice of a large number of children who "skip" school with the sanction of their parents. Finally it was decided best to refer the matter to a committee in conjunction with the superintendent to investigate and report at a future meeting. A motion prevailed that this committee be composed of three members and President Mahlum named Messrs. Johnson, Erickson and Nichols.

On motion of Mr. Halladay the members of the board of education will visit the various schools in a body to inspect the repairs and improvements made during the summer, the date to be set by the teachers' committee.

The meeting was not without its spice for Mr. Hohman and Mr. Congdon told each other things across the table. It seems that Mr. Congdon's hobby has been for the past year to jump on the finance committee for O. King bills not presented by the time limit allowed in the by-laws. Last night he had a bill in for some work which Mr. Hohman did not O. K. for this very reason and he got up and explained matters, and Mr. Congdon retorted. The bill was partially allowed.

NO LEASE ON LAKE BEDS

R. G. Grant, of Duluth, Wanted Leases on 35 Tracts on the Cuyuna Range in Crow Wing County

As a result of the action of the legislature in refusing to pass a law whereby lake beds could be leased for mining purposes, State Auditor Iverson today refused \$475 in gold from R. G. Grant, of Duluth, who asked for leases to mines under lake beds in Crow Wing county.

Mr. Grant wanted leases for 35 tracts, but all were refused him.—St. Paul Daily News, Sept. 6, 1905.

Schubert Symphony Club.

The concert to be given under the auspices of the First Congregational church on Friday evening, September 15, will be one of the interesting musical events of the season. From press to pulpit this organization receives unstinted praise as for instance the following from the St. Paul Pioneer Press "The Schubert Symphony Club is as versatile as it is talented, and the program rendered at the People's church last evening was as enjoyable as it was varied."

NEW ROAD WILL BE BIG IMPROVEMENT

County Commissioners' Action in Ordering Bridge Built Across Narrows Commended

CUTS OUT BAD PIECE OF ROAD

Bridge Will Cost in the Neighborhood of \$700 When the Donations are Deducted

The county commissioners have just let the contract for a new bridge to be erected across what is known as the Long lake "narrows". P. G. Fogelstrom being the successful bidder and the contract price is \$700.

On the face of it this does not seem to be a very important transaction but to those who have traveled over the road between here and Gull lake, this is one of the most important moves in many years in the promulgation of the good roads movement.

This is intended to shorten the road somewhat to Gull lake, but this is not the most important benefit. There will be about two or three miles of bad road cut out which has been a harass to all travelers for years. The old road runs across the country and on the west side of Long and Round lakes and then on to Gull. Under this new arrangement a road will be laid out directly north following the section line before the school house in Sec. 24 is reached, thence across the "narrows". The strip of land between Long and Round lakes is owned by A. Mahlum. The timber is all hardwood and the commissioners have made arrangements to run a road across this tract to the west side of Round lake and then on out to Gull lake.

The contract for clearing the road across Mahlum tract was let some time ago and cost the county \$300.

The bridge across the "narrows" will be 10 feet higher than the high water mark, will have a 32 foot span in the center and the total length will be 160 feet.

Those who have occasion each year to travel over this road are very much delighted with this improvement as it will mean a saving of time and hardship in reaching Gull lake, considered one of the finest summer resorts in the north-west today.

A UNIQUE RECORD.

Not Another Like It In Our Broad Republic.

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A Brainerd citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine.

R. D. Ranson, engineer, of 201 11th St. N., Brainerd, Minn., says: "What I said in recommending Doan's Kidney Pills in our local papers some six years ago was not only true, but I can state today that after further experience with this remedy, it is the best preparation of the kind that I ever tried. Before I got my first box at H. P. Dunn & Co.'s drug store I had suffered for a good many years with kidney troubles. I had a great deal of pain in the back and loins and there was annoying irregularity in the action of the kidneys. Night brought me only restless sleep as I could not lie in one position without getting sore and lame. When stooping or lifting I suffered intense pain if I tried to straighten suddenly. Doan's Kidney Pills entirely cured me at that time, and when I suffered a similar attack some years later, I again used Doan's Kidney Pills with the same satisfactory results."

FACTS SURROUNDING DEATH

Of M. W. Wright, Brother of Mrs. Geo. Bertram of the City Which Occurred Near Hibbing

The following facts concerning the accident which resulted in the death of M. W. Wright, a brother of Mrs. George Bertram, of this city, which occurred near Hibbing, are taken from the Duluth News-Tribune:

"Montgomery Wright accidentally killed himself at 9 o'clock last night with a rifle at the Penobscot mine location. Remarking to his young wife that he intended to go out hunting on Labor day he took his gun down and proceeded to clean it. Before proceeding the young man threw a number of cartridges out of the magazine and it is supposed he thought the gun was clear. Soon after there was an explosion and he fell dead. The bullet entered his head near the right ear and tore away the whole top of the head. Mrs. Wright, who was sitting on the bed with her baby, did not realize that her husband was dead. She went to a neighbor's house and asked them to telephone for a doctor. Just what caused the discharge of the gun will never be known, but, as he was using an iron cleaning rod, it is supposed that a shell was in the barrel of the gun and the rod forced it against the firing pin with sufficient force to cause an explosion.

"Wright was thirty-two years of age, and leaves a wife and one child. He was employed as cranesman at the Hull mine by the Oliver Iron Mining company."

MADE THE DEAF HEAR IN ONE MINUTE

REMARKABLE DEMONSTRATION GIVEN BY DULUTH'S
STRANGE PHILANTHROPIST BEFORE
IMMENSE THROG.

Removes Immense Parasite from System of Well-Known Woman
With a Few Doses of Peculiar Medicine—Refuses
Pay for Services

Duluth, Minn., September 7—(Special).

Excitement over the marvelous cures of the Great Cooper continued unabated. One of the largest crowds that has yet called upon the noted philanthropist visited him yesterday, and a remarkable demonstration of his power was given before the entire audience.

A man who gave his name as John Linstrem living in Duluth and who has been deaf for several years called to see the Great Cooper about his hearing. Linstrem was placed in a chair and the Physician applied a handkerchief saturated with the medicine to both ears for only a few moments. The Physician then stepped back and asked in an ordinary voice "Can you hear me now?" A look of profound astonishment came over the man's face and he finally stammered "Yes I can hear you." The Physician walked further and further away asking him questions at intervals of every few feet and not raising his voice above an ordinary conversational tone. All of these questions were answered readily by Linstrem until at a distance of thirty feet the physician snapped his finger and asked, "Can you hear that?" "I can hear it well" came the reply. "That's good enough," said the physician and turned to talk with another caller.

By this time the witnesses of this unusual demonstration crowded about the man who a few minutes before had been deaf and asked him excited questions. He replied to these although he seemed somewhat dazed by what had occurred.

When seen later and before he left the store he said, "I have been deaf for several years and have had a loud ringing in my head, I can now hear better than I have for years and the ringing is gone. I don't know how this was done. I must go home and show my friends how I can hear."

This is without parallel in this city, although newspapers from other cities visited by Mr. Cooper, contain long accounts of similar demonstrations given in public.

Many of those who called had come to thank Mr. Cooper for what he had done for them, they having previously written him a statement of their condition and having followed his instructions, had returned to tell him of their cures.

A lady by the name of Mrs. Caroline Diedericks exhibited a huge parasite alive and writhing in a glass jar, in which it was carried. The lady who plainly showed the effects of ill health was some what frightened and was anxious to know what it was. When Cooper informed her the cause of her ill health had been removed, she was greatly relieved, and was profuse in her thanks to the philanthropist.

Thousands of people viewed the parasite, and expressed surprise that such a thing could exist in the human system. Mrs. Diedericks is well known living at 1312 Weeks Ave. In speaking of her experience she said for six years I have been a victim of nervousness and stomach trouble, my tongue was coated and I had a bad taste in my mouth, the food I ate did not seem to do me any good and the least exertion would tire me. I could not stand on my feet any length of time without having severe pains in my back. I had frequent attacks of dizziness and was restless at night. I also had considerable trouble with my eyes, being unable to read most any kind of print the lines would seem to run together and dark spots appeared before my eyes.

My family and friends believed I was afflicted with some bad disorder of the liver. I took every medicine I could hear of without any beneficial results. A few days ago I wrote to Mr. Cooper giving him a full description of my case. I began taking the medicine he told me to use and had only taken three doses when this worm which is fifty-five feet long passed from my system. I experienced almost immediate relief, the bloated feeling and dizziness have disappeared, my appetite has returned and I feel better and stronger than I have for years.

Mrs. Josephine Densie of 605 W. Third St. said she had been ill for a long time with stomach trouble and nervousness, the medicine Cooper told her to use had cured her in a few days.

Mr. Frank Carlson of 1923 W. First St. who has been laid up with rheumatism for over a year heard of the cures Cooper was making and wrote him about his case. Cooper told him what medicine to use and the first day he tried them the pain stopped and the swelling began to go down, in a few days every trace of rheumatism had disappeared.

Mrs. Dina Berg living at 609 Sixty-seventh St. W., said she had been very deaf and had ringing sounds in her head that greatly annoyed her. Cooper's treatment stopped the noises, and although she had only been using the medicine for a few days she could hear better than she had for years.

Mrs. Ellen Keogh of 1907 Odgen Ave., Superior said she had not enjoyed a meal for ten years until she began taking Cooper's treatment she had been a terrible sufferer from stomach trouble, indigestion, constipation, and fermentation of food, she had dizzy spells and was so weak she could hardly walk, she began to improve the first day she began Cooper's treatment and now every trace of her trouble has disappeared.

While Cooper has given food and clothing to the poor with generous hand, a strong feature of his visit is the fact that he not only makes no charge for his services, but positively refuses to accept payment in any form. An instance of this character was related today by Axel Larson of 1920 Second St. Mr. Larson said he had suffered for a number of years with kidney trouble, weak back and a derangement of the stomach, he had no appetite and what little he did eat would not digest and he grew weak and emaciated and had despaired of ever being cured, finally he wrote to Cooper and began using the medicines Cooper told him to get, in a few days he began to improve and in two weeks he was as well as ever. I naturally felt very grateful to Mr. Cooper and wanted to pay him for what he had done for me, but he refused to accept anything, just said my one pleasure in life is to relieve distress.

If you know of any one suffering from disease just tell them to write to me care of Boyce's Drug Store and the pleasure I will receive from relieving them of their afflictions will be all I ask.

Surf Bathing Abroad.

Unlike Americans, Englishmen prefer to have their surf bath before breakfast. They slip out of their rooms and into the surf as a sort of duty and prefer a buff bath, or one without the incumbrance of a bathing suit. If they can be permitted to enjoy it. With them the bath, even in the breakers, is more of a duty than a pastime, as it is with the French and Americans. Neither do the people of continental Europe enjoy the pleasures of the surf with the same avidity as marks the summer day along the American coast. There is more or less of custom or fashion to dictate to the temporary dwellers along the seashore.

Enough to Kill It.

The Greek room is usually not a place for humor, nor is the professor of Greek at the College of the City of New York a very humorous person. Nevertheless the following joke was sprung on him. The class had just returned from the chemistry room, where they had bravely listened to a discourse on the elements. The Greek lesson was commenced with a history of 10 and her endless wanderings. Finally Professor Tisdall asked, "What did he die of?" A student who had been awakened by the question gasped out, "A overdose of potassium."

TROOPS ON THE MOVE

NORWEGIAN SOLDIERS NOW BEING
CONCENTRATED ALONG

OUTCOME IS VERY UNCERTAIN

CONFERENCE ON THE DISSOLUTION
OF THE UNION MAY
END IN FAILURE.

Karlstad, Sweden, Sept. 8.—The conference of the delegates of Norway and Sweden, appointed to discuss the dissolution of the union of Norway and Sweden, has adjourned until Sept. 13 to enable the delegates to return to their respective capitals and confer with their governments. The result of their deliberations is very uncertain.

Christian Lundberg, the Swedish premier, who is one of the commissioners, said that an agreement had been entered into to make no communication regarding the proceedings of the conference. It is evident, however, that the negotiations have reached a point which necessitates consultation by the commissioners with their respective governments. Premier Michelsen of Norway will remain here.

No special session of the riksdag will be convened and this fact indicates that the conditions submitted by the Swedish commissioners are unalterable and that any amicable settlement will depend upon the action of the Norwegian storting.

It is probable that the Norwegians insisted on the formulation of an arbitration treaty as the basis of further negotiations. The Swedish government, it is believed, will never agree to this, as it would mean the arbitration of questions arising from present conditions and the recognition of the sovereignty of Norway.

The Norwegian government has within the past few days concentrated a considerable number of troops on the frontier and has moved other troops near the frontier.

TWO PERSONS KILLED.

Many Others Injured by Collapse of a Building.

New York, Sept. 8.—Two persons were killed when a building at Grand and Mott streets collapsed Thursday. The building is said to have been condemned two years ago but had been occupied since. Thomas McGovern, a foreman in the building department, is under arrest in connection with the collapse on a charge of criminal negligence.

The dead are: Margo Gargisio, twenty years of age; Joseph Farino, thirty years of age.

Nearly a score of others were injured. A policeman noticed the caving in of one of the walls. He gave the alarm and ordered everyone out of the structure. Pedestrians were warned not to go near the building, but many paid no attention. The Gargisio girl was passing the building when the collapse occurred and was almost instantly killed. Farino had returned to the building after some of his belongings and was caught by the falling walls, being dead when carried out.

The injured persons include several policemen, firemen and tenants of the building who had declined to leave at the first alarm.

RECKLESSNESS RESPONSIBLE.

Excursion Train and Passenger Train Collide.

Newcastle, Pa., Sept. 8.—Recklessness was responsible for the Western New York and Pennsylvania wreck seven miles north of here Thursday morning, according to the statement of Samuel Cox, fireman of the wrecked train, to Coroner J. R. Coe. Fireman Cox is reported to have said that he understood the orders to be for the excursion train to stop at Graham's siding to allow southbound regular passenger train No. 234 from Oil City to pass.

There was an interval of three minutes before it was due at Wilmington Junction, two miles north of Graham's siding, and Engineer Popham pulled out, thinking he could pass the regular train at that point. His failure to reach Wilmington Junction cost the lives of the engineer and fireman of No. 234 and may cause his own death. It also caused the fatal injury of one of his passengers and severe injury of nearly fifty others.

Both engines were reduced to scrap iron.

FOUR CHILDREN CREMATED.

Fire Destroys Their Home Near Rolla, Mo.

Rolla, Mo., Sept. 8.—Four children ranging in age from six to eleven years, daughters of Peter Stubblefield, a railroad porter, were burned to death in their home near here late at night. The fire is supposed to have originated from an overturned lamp.

SPANISH WAR VETERANS MEET.

Second Annual Reunion Being Held in Milwaukee.

Milwaukee, Sept. 8.—The second annual reunion of the United States Spanish war veterans opened its sessions at Light Horse squadron armory Thursday with about 150 delegates present and 75 delegates to the ladies auxiliary of the organization. Many veterans and ladies other than delegates are attending the reunion. Saturday, on account of the parade and camp-fire, is expected to be the banner day in point of attendance.

The convention was opened by Commander-in-Chief English and the opening prayer was delivered by Rev. W. H. I. Reamey, chaplain of the navy. City Attorney Carl Runge welcomed the delegates and responses were made by Commander-in-Chief English and Mrs. Isabelle Alexander, president general of the ladies' auxiliary. Greetings were sent to the G. A. R. reunion at Denver and to President Roosevelt, who is an active member of the organization. Commander-in-Chief English then delivered his annual address.

A resolution was adopted congratulating President Roosevelt on the "unparalleled service for the world's peace which he has just rendered and making him to this generation first in peace as well as first in war."

WITHOUT ANY DELAY.

Mail Collected and Distributed in Spite of Strike in New York.

New York, Sept. 8.—There was practically no delay in the collection and distribution of mail in the business districts of New York affected by the strike of 300 drivers in the employ of the New York Mail company. Postmaster W. R. Wilcox issued a statement to this effect Thursday night and said further that the strike was one which did not concern the postal officials so long as the contractors continued to handle the mails regularly and without delay. He said he understood the contractors found no difficulty in securing drivers and that he contemplated no delay if police protection is continued for a time.

TELEGRAPHIC BREVITIES.

A general treaty of arbitration between Brazil and Argentina was signed Thursday night.

M. Brun, manager of the French Cable company, has been expelled from Venezuela by governmental decree.

The attendance at the Minnesota state fair Thursday was 37,000, the lowest of any day this week. Rain kept down the attendance.

Robert Jacobs, twenty-one years old, of Detroit, Mich., was drowned Thursday while canoeing in the Osage river, at Cedar Falls, Me.

The British steamer Stanley Dollar stranded on the rocks seventy miles east of Yokohama and was badly damaged before she was floated and taken to Yokohama.

THE YELLOW FEVER RECORD.

Number of New Cases at New Orleans Shows Little Change.

New Orleans, Sept. 8.—Following is the official yellow fever report up to 6 p. m. Thursday:

New cases, 35; total cases to date, 2,177; deaths, 6; total deaths, 304; new sub-foci, 9; cases under treatment, 308; cases discharged, 1,745.

In the list of new cases Thursday are Father Green of the Jesuits' college and Sister Emily, the superior of the Hotel Dieu, a private sanitarium conducted by the sisters of charity and which has had quite a number of cases of fever.

George W. Note, Jr., son of the president of the Citizens' bank, is another case. There is a case reported from a revenue cutter lying at the foot of Eugenia street, near the United States barracks.

The following reports were received from outside points:

Leeville, total to date, 325; deaths, 33; now under treatment, 92; discharged, 200. La Rose, 1 case. Terre Bonne parish—Report for three days: Delacroix, 6 cases; Moise settlement, 2 cases. St. Bernard parish—Terre Aux Boeufs, 2 cases; near slaughter house, 2 cases. Patterson, 8 new cases; Tallulah, 5 new cases; Penier, 2 new cases, 1 death; Hanson City, 4 new cases; Donaldsonville, 2 new cases; St. Rose, 1 death; Pelican Grove, 2 deaths.

September is sufficiently advanced to give assurance to the medical authorities that their expectation that the fever would not take a bad turn during the month will be realized.

\$100 REWARD. \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

INSURANCE INVESTIGATION.

Whereabouts of One Witness Wanted Now Unknown.

New York, Sept. 8.—The affairs of the Equitable Life Assurance society and the Mutual Life Insurance company held the attention Thursday of the legislative life insurance investigation committee in session in this city. Nothing particularly new was developed in regard to the Equitable society other than the statement drawn from one of the officers that the society does not know the present whereabouts of Thomas D. Jordan, the former comptroller. It was stated that Mr. Jordan was wanted as a witness to explain the loan of \$685,000 made to the Equitable society by the Mercantile Trust company. It was also stated that James H. Hyde, former first vice president of the Equitable, later will be called as a witness before the committee.

The inquiry into the Mutual Life Insurance company showed that the Mutual controls many trust companies, among them the Morton Trust company, the Guarantee Trust company and the United States Mortgage and Trust company. On deposit with these companies the insurance company keeps hundreds of thousands of dollars against which it does not draw. It was explained that the prosperity of the trust companies meant the prosperity of the insurance company. The insurance deposits draw 2 per cent interest and the trust companies pay as high as 20 per cent dividends on the par value of the stock or 5 per cent on market value.
